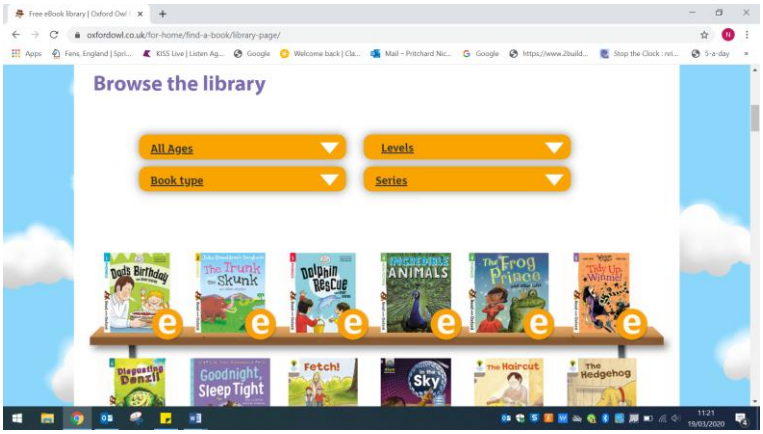
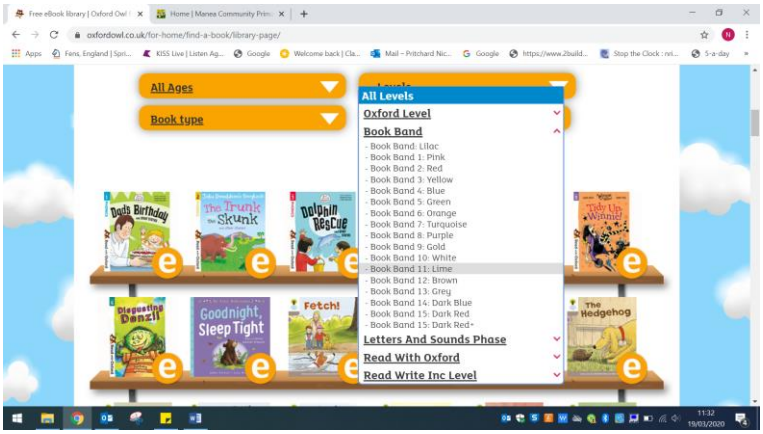
How to find books using Oxford Owl

1. Log onto https://www.oxfordowl.co.uk/welcome-back/for-home
   You will need to set up an account using your email address but this is free to do.

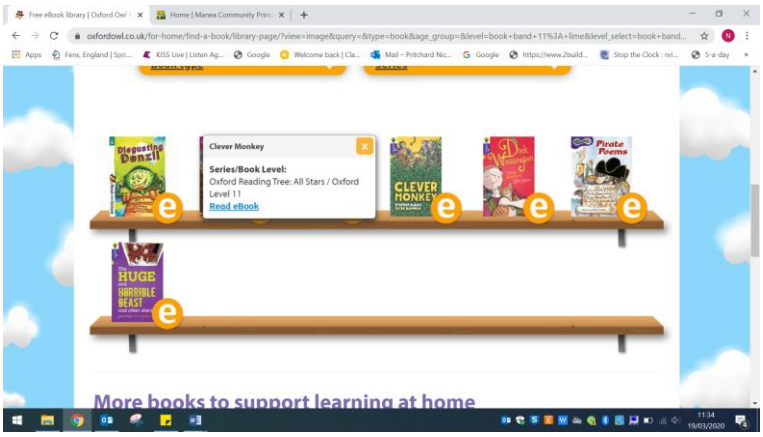
2. Click on the banner that says 'Free eBooks for ages 3-11'

3. Scroll down to the area that says 'Browse the Library'.
   You can use any of the four options to search for a book. If you are looking for a book in the same colour band as your child reads at school, click on the 'Levels' tab and the select your child's book band colour from the list. The children are not limited to the books from their colour band however, these colours are at the appropriate level for the children to read independently as of their last reading assessment. The bands above will be more challenging but with a little support are likely to still be accessible for the children.





4. Once you have selected the book level, series, type or age, click on your chosen book title and press 'Read eBook'.



5. The eBook will open in another tab. You will then be able to use the controls at the bottom of the page to navigate the book. Many (but not all books) on this website have suggested questions or points for discussion either at the beginning or end of the book. These may be useful to you when talking to your child and assessing their understanding of the text.
